Interstate Commerce Bureau Heeds Los Angeles Plea

Arizona, New Mexico, Texas Points Get Benefit

Northern Schedules to Stand. Decision Announces

(BY A. P. NIGHT WIRE)
WASHINGTON, Dec. 23.—Rates on lumber from Los Angeles and neighboring points in California to Arizona, New Mexico and Western Texas must be reduced by March 15, next, by amounts ranging up to 20 per cent, the Interstate Commerce Commission ruled.

The commission held the Los Angeles territory is now at a disadvantage as compared with other producing points within reach of the zone described.

The new rates from Los Angeles territory will be 21 cents per hundred pounds to Gila 35 cents; to Maricopa, Phoenix and Tucson 41 cents and to El Paso 51 cents. Other points will take proportionate rates.

At the same time the commission dismissed a complaint by lumber manufacturers at Los Angeles Harbor which asked reduction of lumber rates to Oregon and Northern California points.

The commission said that the rates given unduly low rates to Sacramento and other points in Central and Northern California, while the Los Angeles producers were obliged to pay a higher figure. The commission ruled that the present rates were reasonable.

LOVE GIVEN AS REALTY ASSET

(BY A. P. NIGHT WIRE)
CHICAGO, Dec. 23.—Love and co-operation as business principles were advocated last night by Mrs. Edith Rockefeller McCormick, daughter of John D. Rockefeller, in an address to the 1100 members of a real estate organization, in which she is financially interested.

"If we love where we are at work and play, when we are at home, we love our home; if, when we are with our companions and friends, we love and co-operate with them, then we will find that the record of last year will be small compared with next year, when we have put so much love into everything we do," she said.

DRY SPENDTHRIFTS WARNED

Extravagant Expenditures in Hunting Violators Will Result in Dismissal, Says Andrews

(BY A. P. NIGHT WIRE)
WASHINGTON, Dec. 23.—Prohibition agents were warned today that "reckless, unjustifiable expenditures" during their work in the future would cause their dismissal from the enforcement service.

In a letter to prohibition administrators, prompted by the recent Mayflower Hotel case, in which two agents expended nearly \$1000, Assistant Secretary Andrews of the Treasury, declared money for tracking down bootleggers must be used intelligently and economically and "never used without complete justification."

Mr. Andrews said that the Mayflower incident, which for several days has furnished the subject of House debate, occurred in the early days of his administration, and before he had taken any steps toward reorganization.

Bricklayers Appointed as "Dignity Strikers" Appeared as "Dignity Strikers" Appeared as "Dignity Strikers"

(BY CABLE AND ASSOCIATED PRESS)
LONDON, Dec. 23.—Dignity marked the settlement today of the walkout of forty English bricklayers who went on a "dignity strike" last week, declaring they would not resume labor until the employers agreed to the terms of the Lambeth Borough Council that they required one minute, twelve seconds to lay a single brick.

Alderman Price conceded that the bricklayers might require only one minute, twelve seconds. The brick layers have accepted this as the apology and will return to work Monday, allowing 250 carpenters, painters and other occupations to resume their occupations.

Senate Pages and Employees Warned Dangers of Smoking and Drinking

(EXCLUSIVE DISPATCH)
WASHINGTON, Dec. 23.—Minors, for the time being, are the target of a campaign by Senator DAWES, who has been looking for a chance to attack the Senate.

Their vote for his Senatorial closure plan and against liberalization of the Volstead Act in a much less than a year ago, he said, was the cause of the Senate's defeat of the plan.

They voted 14 to 2 for closure and 8 to 2 against amendment of the prohibition law.

"Don't be 'hip-flask' boys," cautioned Mr. DAWES, "and I suppose I should say that I don't smoke, don't drink, and don't get into any of those things."

PUBLISHER LEFT
MANY MILLIONSFrank A. Munsey's Wealth
May Go to AssociatesRich Magazine Owner Had
Few Near RelativesEstate Estimated at From
\$25,000,000 to \$40,000,000

(EXCLUSIVE DISPATCH)
NEW YORK, Dec. 23.—The various estimates of the size of the late publisher Frank A. Munsey's fortune, ranging from \$25,000,000 to \$40,000,000, were made yesterday by men conversant in a general way with his holdings. His close associates, however, refused to disclose how much he left or the manner of his disposition.

With few relatives to whom he could leave his wealth, the impression is that those closest to him in business life would inherit his enterprises which constituted the major part of the fortune. His business interests, though not diversified, were large. His chief interest was the Frank A. Munsey Company, of which he was president and virtually the sole owner.

The Munsey Company was the concern which published his magazines, the Munsey Magazine, The Argosy-All-Story Weekly, and Flynn's, a detective story magazine which was brought out only a year ago. It was this company which became the holding corporation for his newspaper properties. It was capitalized at \$1,000,000 and had no funded debt. The result of his policy to finance his undertakings himself.

Another of his holdings was the Mohican Company, a corporation operating a chain of large grocery and provision stores in New England, New York State and Pennsylvania. This company was capitalized at \$5,000,000.

His property in New London, Ct., was estimated at \$1,500,000, including the Hotel. A fashionable summer place which he built nearly thirty years ago. In addition to the hotel, he owned the "Vian Building" a large business block in New London.

Mr. Munsey was the owner of the Munsey Trust Company of Washington, D. C., and he was president and director of the One-Fifty Nassau Street Corporation and a director of the National Surety Company.

In recent years Mr. Munsey had left the management of his business properties largely in the hands of W. T. Dewey, the vice president and general manager of the Frank A. Munsey Company. It was Dewey who took charge of affairs yesterday, following his death. It was generally believed he would provide for the management of the company in the event of Mr. Munsey's death.

Mr. Munsey's close relative was a sister, Mrs. John M. Hyde, at present in St. Petersburg, Fla., and his grandniece, Mrs. Allen W. Mansfield, of Meriden, Ct., with whom he lived. Although he was understood to have other blood relations, it was said yesterday he had been apart from them most of his life and that they would be unlikely to figure in a will, if he left one.

UNIVERSITY WITHOUT
CAVALRY DRILL AREA

(EXCLUSIVE DISPATCH)
TUCSON (Ariz.) Dec. 23.—President C. H. Marvin of the University of Arizona states that the difficulty in retaining the cavalry unit at the university is mainly because a proper drill ground is not available. Infantry can be drilled on the football field. He expresses himself as hopeful that an aviation unit can be obtained for the R.O.T.C. of the university. Strong protest has been made against the abandonment of the cavalry unit here. The reason for this proposed abandonment is that the Arizona reserves, in which the university students might have to serve, all are infantry.

ART RELICS GO TO NEW YORK
Remarkable Foreign Collections Are Now Sent to United States to Be Sold

(BY A. P. NIGHT WIRE)
NEW YORK, Dec. 23.—The American art collector and buyer who formerly went to foreign countries to do his shopping this year will have between \$10,000,000 and \$12,000,000 as tribute to this country's reputation as an art center. The number of foreign collections brought to the United States this year, together with an increased sale of domestic gatherings, is evidence to dealers here of a new assumption by Americans in world art affairs. While love for beautiful things has become more pronounced in America, local gallery officials are mindful that one of the chief factors of growth is the unsteady financial condition in Europe and the general prosperity here.

A representative of the American Art Galleries said the income tax reduction also was an influence. "I have had numerous persons ask me to again place their art collections in the United States," he said, "and I am glad to explain that the income tax had been taking money which they once spent on art."

Another dealer pointed out how closely the pulse of Wall Street is in Art Row. When prosperity is having its sway on the street, art sales are heavy. When depression spreads gloom among the brokers, nearly always there is a drop in sales. The excellent condition of the art market has resulted in many fine and large collections being sold by the American Art Galleries for \$125,000 and the Leverhulme assortment of furniture, pictures, chinaware and other objects to be auctioned by the Anderson Galleries early next year.

When financial embarrassment made it necessary for China to sell the objects, the Italian government sought a way to preserve the collection. After the sale was decided upon, the government exercised its legal right and inventoried certain paintings and objects as national treasures. But it was not in funds to make the purchases and neither were Italian collectors. Mitchell Kennerly of the Anderson Galleries made a special trip to London to obtain the Leverhulme collection and his success brought disappointment to the English dealers and the following remark from one of them: "The real reason the Leverhulme treasures are going to America is because just now she has the money to spend and an insatiable appetite for acquiring the Old World's famed art treasures."

Immediately following this acquisition came the announcement that Warwick Fripp, a Sixteenth Century landmark, had been purchased by an American for shipment and re-erection in Virginia as a reproduction of Salgrave Manor house of Washington's ancestors in Northern Virginia.

Whereupon The London Daily Mail remarked: "We can not prevent Americans from acquiring our famous pictures, our old furniture and rare objects."

The action was taken upon the recommendation of the chief counsel of the commission.

PEKING, Dec. 23.—America's representative on the international commission of inquiry which investigated the Shanghai shooting affair of May 30, last, was shown today to have disagreed with his British and Japanese colleagues as to the responsibility of police officials of the Shanghai International Settlement in the riot.

The separate findings of the commission's members were published in summarized form by the British Minister, Foreign Office, in the Foreign Diplomatic Corps. Justice E. Finley Johnson of the Philadelphia Supreme Court, president of the commission, concluded that the Shanghai police officials had failed to exercise gravity of the situation or take proper precautions and that innocent lives were lost as a consequence. At least ten Chinese were killed in the affair, which began with a student demonstration.

SEE ONLY ONE COURSE
The Japanese and British, associated with Justice Johnson, found no fault in the conduct of these officials and concluded that no other course than the one pursued was possible.

Although two of the judges exonerated the Shanghai police officials, a Shanghai dispatch today said that the Japanese and British officials, who were in the city at the time of the riot, had tendered their resignations. Both these officials are British.

Justice Gollan, the British member, concluded that Inspector Everon, who was in charge of the police station at the time of the riot, was responsible for the shooting affair. He was captured, with serious consequences. Furthermore, according to the British opinion, there was no reason why the authorities should have anticipated disorder on May 30.

TOOK ALL PRECAUTION
The Japanese member, Justice Ruge, held that in view of the seriousness of the situation, the authorities were responsible for failure to anticipate them.

Appended to the commission's report is a statement by the Shanghai Municipal Council stating that the resignations of the Japanese and British officials were accepted in the interest of promoting a settlement of the riot. The statement also expressed appreciation of the "meritorious services" of these officials.

AUSTIN (Tex.) Dec. 23.—Two full and eleven conditional pardons were granted today by Gov. Ferguson, increasing his Christmas clemency proclamations to fifty-three. The pardons were granted to a number of persons who had been convicted of crimes in the State.

OKLAHOMA CITY (Okla.) Dec. 23.—Jack Walton, impeached Governor of Oklahoma, who is drilling for oil in the Beaumont district of Texas, sat at a luncheon with friends in Oklahoma City yesterday. The friends were discussing gubernatorial possibilities in the State.

WASHINGTON, Dec. 23.—An international development in world conditions in the Grand Canyon National Park has been the increasing number of deer ranging on the South Rim. It was announced at the Department of the Interior, Seldom seen on the South Rim in the past, recently several herds have been observed there, and there is every indication that they are increasing as a result of the protection afforded them by park authorities.

As usual, deer are plentiful on the North Rim and beyond in the Kaibab Forest, and are in splendid condition. They are expected to winter successfully during the present season.

The drought early in the season, which caused the cattlemen serious worry, did not seem to affect the deer to any extent. When one source of water dried up they always find another. A tank built by park authorities for the use of the wild animals has been in the vicinity which held water during the entire year. Last summer rains raised the water level in the tank and the deer range is in good shape. On the North Rim the best winter conditions in years were reported.

A considerable increase in mountain sheep has been noted at the Grand Canyon.

(BY CABLE-EXCLUSIVE DISPATCH)
TOKIO, Dec. 23.—The report that Feng Yu-Hsiang's national army entered Tien-tsin last night is exciting alarm here for the safety of the 10,000 Japanese residents there, although the Foreign Office believes that the presence of 2000 Allied troops, including 850 Japanese, will be sufficient.

Chang Tso-Lin's loyal Mukden army is holding prepared lines on the left bank of the Liao River where the forces of Gen. Kuo Sung Ling, whose revolt caused the present perilous position of Chang, are attacking strongholds.

The Japanese expect Gen. Kuo to arrive at Mukden shortly. He will be allowed to travel from Mukden to Sianminfu, reports that Japanese wire entanglements have been erected on the edge of the zone with signs in six-foot letter saying "No fighting allowed." Machine-gun emplacements are located along the zone.

The cabinet council at a meeting yesterday decided not to offer Japanese good offices for mediation lest there be further misunderstanding.

for Drilling on Grounds of
Whittier Colony

SACRAMENTO, Dec. 23.—Negotiations are being carried on by the State Board of Control whereby it is hoped to induce several large oil companies to "wildcat" for oil on the 800-acre site of the Pacific Colony, a State institution for the insane in Los Angeles county.

C. L. Heartwell, a member of the board, announced today. Heartwell, who will leave tonight for Los Angeles to confer with the representatives of four large oil corporations, believes that oil can be found on the property, which is located just back of the Whittier Hills, productive of much high-grade oil.

"It is an accident," said Heartwell, "that there is oil on the property. The general contour of the land indicates that it is of that formation, and furthermore, it is in a district where much oil has been discovered."

"The proposition of drilling for oil on the land has been taken up by four companies and I hope to complete a deal for starting operations during my stay in the south."

Heartwell said that if oil were discovered on the property the State unquestionably would receive a bonus and a one-sixth royalty for the product. Much of the land, he said, is useless for agricultural purposes.

SPRINGFIELD (Mass.) Dec. 23.—Rabbi Louis Silver, chief rabbi of the city, who has just returned from a conference of the Union of Orthodox Rabbis of the United States in New York, said today that the recent statement of Rabbi B. N. Rabbi Wise has stated the belief that Jesus was an aerial person, not a myth, and that the Jews should follow His teachings.

(EXCLUSIVE DISPATCH)
NEW YORK, Dec. 23.—Although he contributes \$125 weekly to a former wife, who divorced him in Chicago, Ralph Erroll Smith, a singer with the Metropolitan Opera Company, was yesterday directed by Supreme Court Justice Mahoney to pay Mrs. Stella Wilson Smith \$75 a week alimony pending trial of her divorce suit.

The singer, who is known in opera as Ralph Erroll, pleaded through his attorney that his sole income is \$500 a week as a tenor soloist. Mrs. Smith, however, claims he earns much more by appearing at recitals.

YAKUTSK (Siberia) Dec. 23.—The herds of Korean, Japanese and Chinese who have been flocking to the Aldan River gold fields, Russia's new "Klondike," doubtless will be thrown into consternation now that the Soviet government has issued a decree giving all non-Russian prospectors and residents one month in which to depart.

The great mass of gold is to be for Russians alone. The commission of investigation sent to the gold fields by the Soviet government estimates there are some 400 tons of available gold in the 6000 square miles of the Aldan district. The remoteness of the district and the scarcity of provisions, however, make the task of the Soviet authorities of this new Klondike very difficult.

TUMEN RIVER RICHES
The richest part of the new gold district is the valley of the Tumen River, one of the many streams which run into the Aldan River. It is a tributary of the Lena. The region is some 300 miles from Yakutsk and about the same distance from the nearest point of the Amur railway.

The government has asked off the most profitable sections of the gold-bearing ore and let out the claims to groups of diggers. These diggers are to be stationed in ten to forty pounds of gold for their collective claim, according to the decree. The diggers are to be paid for the gold they find. But all the gold dust and nuggets obtained from the diggers are to be turned over to the government. The government is to pay for the gold at the rate of about \$14 per ounce. The government is to pay for the gold at the rate of about \$14 per ounce.

FIVE THOUSAND STARVING
Although some of the Russian papers have painted a rosy picture of Russia's new "El Dorado," it is known that there are nearly 5000 prospectors in the Aldan district without employment. Many of the prospectors are starving and have not been able to find a crust of bread. There is an acute shortage of provisions in the district.

A CHUCKLE FOR EVERYBODY

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of \$5, \$3, and twelve of \$1 each. A list of winners showing the film, together with rules for submitting jokes, are given daily in a coupon in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the coupon. Jokes receiving honorable mention will be given a place of honor on The Times comic page each week-day, and each of these contributors will receive a certificate of acknowledgment.

COVINA COLTS PUT THROUGH STIFF GRIND AT COLISEUM

Coach Wallace "Chief" Newman's Covina Colts, in great condition and rarin' to get at the Bakersfield Drifters, whom they meet Saturday for the State prep football championship, went through a snappy workout at the Coliseum yesterday. It was the Colts' initial appearance in the big bowl, Newman bringing them in for practice yesterday in order that they might get used to the surroundings where the title game is to be staged.

"We're not afraid of those guys," was all "Chief" Newman had to say concerning the Bakersfield Drifters after yesterday's practice. Newman ought not to be confident without having reasons for so being, because he watched the Drifters in action at San Francisco last Saturday when they submerged the Salinas Cowboys, 38 to 0. "Chief" inferred that Salinas was pretty weak for a prospective championship squad and that there was no reason to be excited over the Drifters' overwhelming win.

The Covina squad is particularly fortunate in not having any injured players, and the Colts will throw their full strength into the fray with the powerful Bakersfield gridgers.

Down at Covina everybody is almost forgetting Christmas in the excitement of the title game. The Covina rosters are all pepped up over their first championship eleven and will journey to the Coliseum en masse to back the Colts Saturday. "Drub the Drifters," seems to be the Covina motto.

Newman plans to run the Colts through another short workout at the Coliseum today and then send the boys back to Covina to spend Christmas. The Colts have their plays down pat and believe that the deception of their attack, with Don Riecke and Earl Needham doing most of the ballpicking, will be of sufficient quality to send the Drifters back to the oil fields with everything but the championship.

Up at Bakersfield Coach Griffith is letting the Drifters take things easy. The Drifter mentor figures that his players need the rest more than additional practice to put them in the best of condition.

FLYWEIGHT KING ANNEXES DECISION OVER PERFETTI

Black Shadow of Leiperville Cops Verdict From Martin Burke; McTigue Beats Flowers

NEW YORK, Dec. 23.—Mike McTigue, former world's light-heavyweight champion, and Fidel La Barba, new flyweight title-holder, battered their way to victories in two furiously fought bouts of a Christmas Fund boxing show in Madison Square Garden tonight.

Discarding his usual defensive style to trade punches in terrific exchanges throughout the final match of ten rounds, McTigue was awarded a judges' decision over Tiger Flowers, Atlanta negro. The decision drew mingled boos and shouts of approval from a throng of 15,000 spectators.

La Barba's triumph, a clean-cut, verdict over Perfectti, New York Santam, in six rounds, was more impressive. After a sharp attack by Perfectti in the first two rounds, La Barba rallied strongly in the last four rounds, and had his foe dangerously near a knockout at the close.

George Godfrey, 222 pounds, negro heavyweight, challenger of Leiperville, Pa., outpointed Martin Burke of New Orleans in the second ten-round contest, but failed to impress the crowd by his triumph. Burke, weighing only 177½ pounds, and fighting purely on the defensive, escaped the knockout which had been anticipated by the throng, and the ineffective efforts of the two men were booted throughout.

McTigue faced his negro opponent's two-fisted assault coolly, answering with terrific right-hand hooks to the body which repeatedly doubled up Flowers. The latter persistently maintained his attack, however, and McTigue appeared to be weak at the end.

Flowers went to the front in the first four rounds, backing McTigue around the ring with lefts and rights to the head.

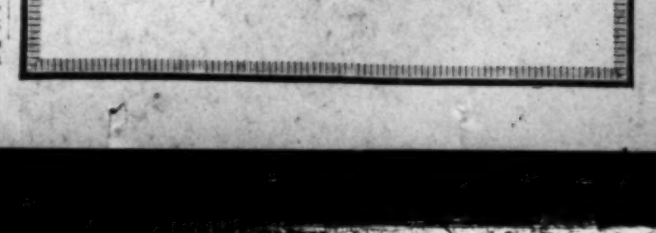

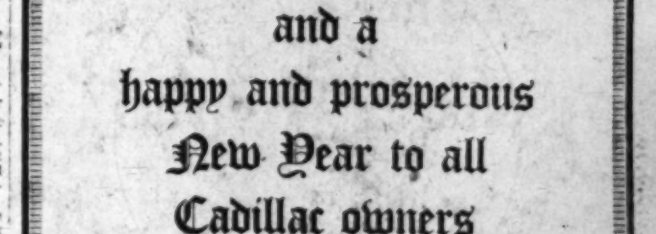

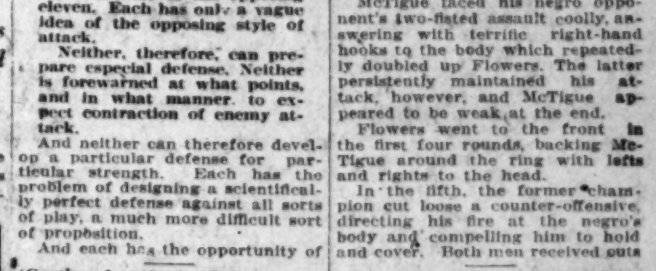

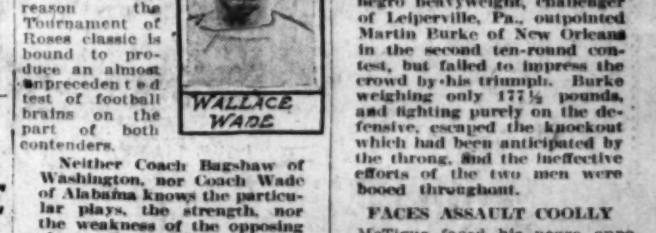

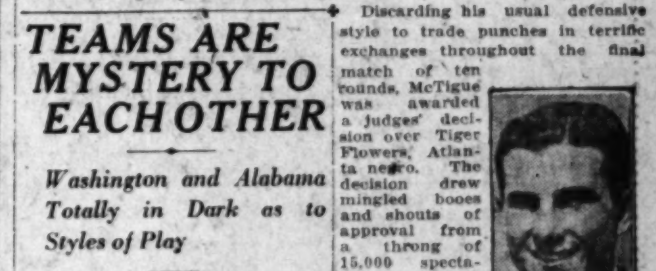

In the fifth, the former champion cut loose a counter-offensive, directing his fire at the negro's body and compelling him to hold and cover. Both men received cuts.

Neither Coach Bagshaw of Washington, nor Coach Wade of Alabama, knew the particular plays, the strength, nor the weakness of the opposing eleven. Each had only a vague idea of the opposing style of attack.

Neither, therefore, can prepare special defense. Neither is forewarned at what points, and in what manner, to expect contraction of enemy attack.

And neither can therefore develop a particular defense for particular strength. Each has the problem of designing a scientific perfect defense against all sorts of play, a much more difficult sort of preparation.

And each has the opportunity of

HUSKIES GO TO IT WITH VENGEANCE

Coach Bagshaw Works His Husky Footballers Hard for New Year's Game

SEATTLE, Dec. 23.—With the sun shining and the air warm as spring, the University of Washington Huskies, Pacific Coast football champions, worked out strenuously today in preparation for their game with the University of Alabama at Pasadena, January 1.

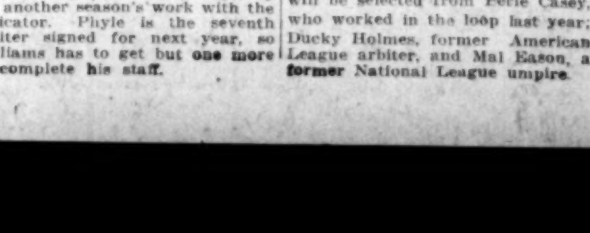

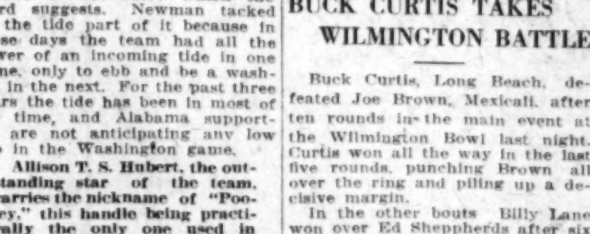

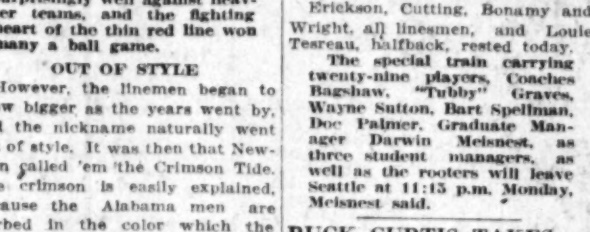

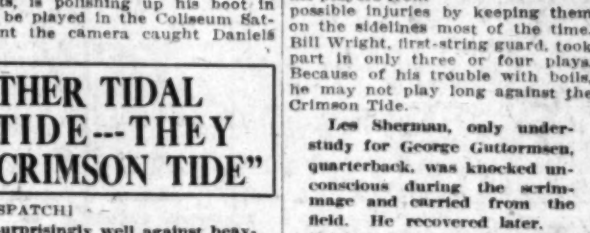

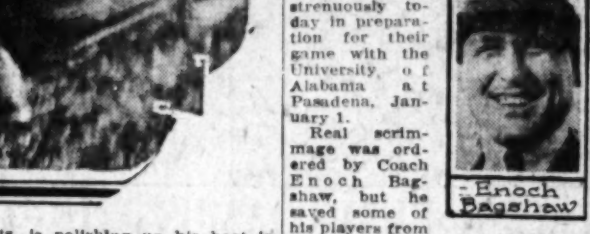

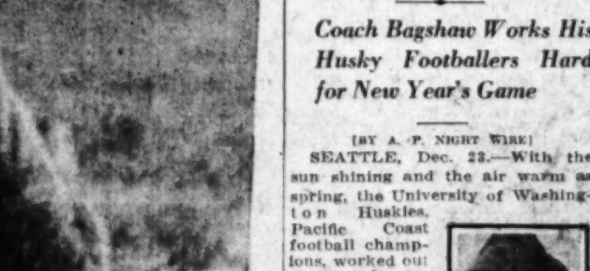

Real scrimmaging was ordered by Coach Enoch Bagshaw, but he said some of his players from possible injuries by keeping them on the sidelines most of the time. Bill Wright, first-string guard, took part in only three or four plays. Because of his trouble with boils, he may not play long against the Crimson Tide.

Lee Sherman, only understudy for George Gutermuth, quarterback, was knocked unconscious during the scrimmage and carried from the field. He recovered later.

Ericksen, Cutting, Bonamy and Wright, all linemen, and Louie Tesreau, halfback, rested today. The special train carrying twenty-nine players, Coaches Bagshaw, "Tubby" Graves, Wayne Saiton, Bart Spellman, Doc Palmer, Graduate Manager Darwin Meisner, as three student managers, as well as the rosters will leave Seattle at 11:15 p.m. Monday, Meisner said.

Buck Curtis, Long Beach, defeated Joe Brown, Mexico, after ten rounds in the main event at the Wilmington Bowl last night. Curtis won all the way in the last five rounds, punching Brown all over the ring and piling up a decisive margin.

In the other bouts Billy Lane won over Ed Shepherds after six stinging rounds; Jimmy Valentine defeated Bud Couglar in six rounds; Young Brooks bested Frank Bennett in four rounds, and Indian Pat kayeed Kid DeWine in the first stanza of the opener.

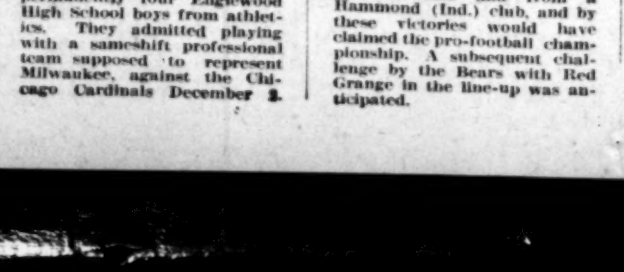

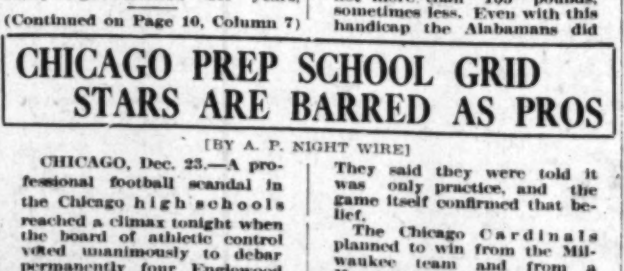

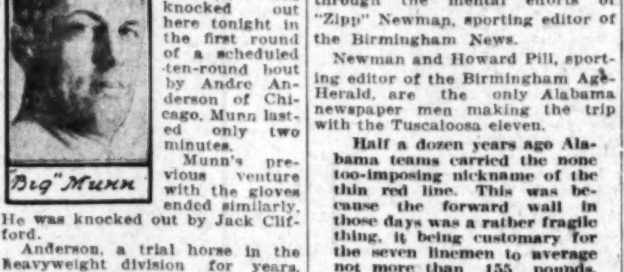

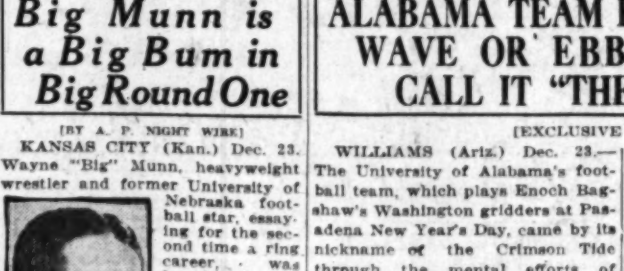

Big Munn is a Big Bum in Big Round One

KANSAS CITY (Kan.) Dec. 23. Wayne "Big" Munn, heavyweight wrestler and former University of Nebraska football star, essaying for the second time a ring career, was knocked out here tonight in the first round of a scheduled ten-round bout by Andre Anderson of Chicago. Munn lasted only two minutes.

Munn's previous venture with the gloves ended similarly. He was knocked out by Jack Clifford. Anderson, a trial horse in the heavy-weight division for years, was victorious.

Half a dozen years ago Alabama teams carried the none too imposing nickname of the thin red line. This was because the forward wall in those days was a rather fragile thing, it being customary for the seven linemen to average not more than 155 pounds, sometimes less. Even with this handicap the Alabamians did

surprisingly well against heavier teams, and the fighting heart of the thin red line won many a ball game.

ALABAMA TEAM EITHER TIDAL WAVE OR EBB TIDE--THEY CALL IT "THE CRIMSON TIDE"

WILLIAMS (Ark.) Dec. 23.—The University of Alabama's football team, which plays Enoch Bagshaw's Washington gridgers at Pasadena New Year's Day, came by its nickname of the Crimson Tide through the mental efforts of the Birmingham News.

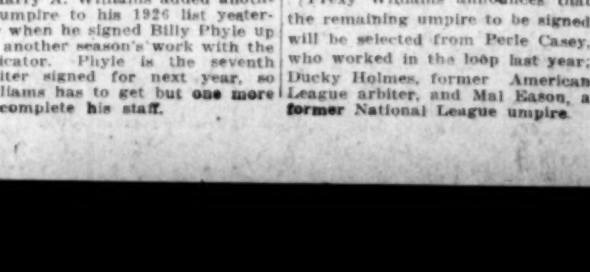

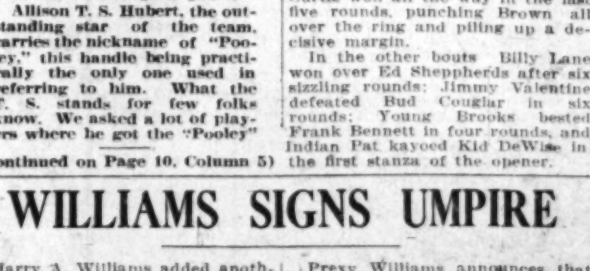

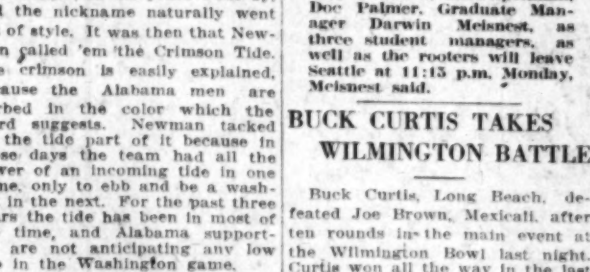

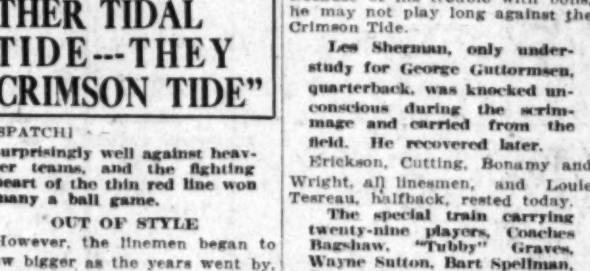

Newman and Howard Pitt, sporting editor of the Birmingham Age-Herald, are the only Alabama newspaper men making the trip with the Tuscaloosa eleven.

Half a dozen years ago Alabama teams carried the none too imposing nickname of the thin red line. This was because the forward wall in those days was a rather fragile thing, it being customary for the seven linemen to average not more than 155 pounds, sometimes less. Even with this handicap the Alabamians did

surprisingly well against heavier teams, and the fighting heart of the thin red line won many a ball game.

OUT OF STYLE
However, the linemen began to grow bigger as the years went by, and the nickname naturally went out of style. It was then that Newman called 'em the Crimson Tide. The crimson is easily explained, because the Alabama men are garbed in the color which the word suggests. Newman tacked on the tide part of it because in those days the team had all the power of an incoming tide in one game, only to ebb and be a wash-out in the next. For the past three years the tide has been in most of the time, and Alabama supporters are not anticipating any low ebb in the Washington game.

Alison T. S. Hubert, the outstanding star of the team, carries the nickname of "Pooley." This handle being practically the only one used in referring to him. What the T. S. stands for few folks know. We asked a lot of players where he got the "Pooley"

Efforts also are being made to secure Bart Cook, the California tackle, and Johnny Spangler, former Occidental captain for the Santa Ana team. Both Cook and Spangler are home for the holidays.

CHICAGO PREP SCHOOL GRID STARS ARE BARRED AS PROS

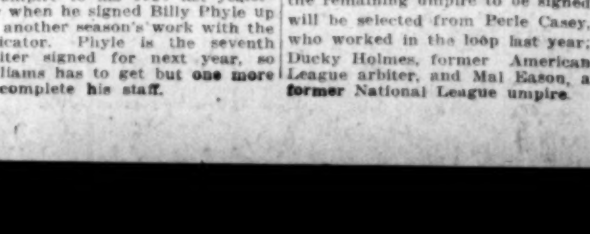

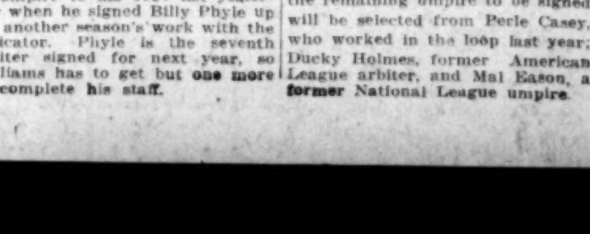

CHICAGO, Dec. 23.—A professional football scandal in the Chicago high schools reached a climax tonight when the board of athletic control voted unanimously to debar permanently four Englewood high school boys from athletics. They admitted playing with a sandwich professional team supposed to represent Milwaukee, against the Chicago Cardinals December 2.

They said they were told it was only practice, and the board itself confirmed that belief.

Gonzaga Squad Arrives Today for Mercury Game at Wrigley Field Sunday

BULLDOGS HAVE STRONG ELEVEN

Punch of Visitors Furnished by Mel Ingram

Club Team Works Out Defense Against Shift

Game Will be Played Sunday at Wrigley Field

Another by-product of the great Notre Dame football team of 1924, in the form of the Gonzaga University will appear in our midst this morning to indulge in football ball game with the Los Angeles Athletic Club, Sunday afternoon at Wrigley Park. An ex-Notre Dame all-American guard, one "Clippie" Smith, who learned his stuff under the famous Knute Rockne, is coaching the Gonzaga team.

Just how good the visitors are can be partially determined by the fact that the team played the Los Angeles Athletic Club, Sunday afternoon at Wrigley Park. An ex-Notre Dame all-American guard, one "Clippie" Smith, who learned his stuff under the famous Knute Rockne, is coaching the Gonzaga team.

That does not mean that the Bulldogs are light far from it. The line has plenty of avoidable coupled with speed. Capt. Ray Flaherty and Hugh Fraser will start at ends; Don Heisinger and Hector Cyle, tackles; Francis Terakirches and Edward Reine-

Student Manager Edward Crowley, with Smith and twenty-five players, are well on their way south. Smith has announced his starting backfield line-up as Lynch, quarter-back, Ingram and Bros, halves and Luce, full. Mel Ingram, said to be the leading North-west triple-threat, man is the punch of the Gonzaga attack. Like the Notre Dame team, the Bulldogs depend upon speed and elusiveness rather than power.

KEEFER TO JOIN BOSTON RED SOX

(EXCLUSIVE DISPATCH)
NEW YORK, Dec. 23.—Jackson Keefee, of Brown, will be the next great football player to turn professional—but not on the gridiron. While the stellar back has declined offers to play professional football it is reported that he is about to sign with the Boston Red Sox and will go south with Lee Fohl's aggregation.

Keefee played right field on the Brown nine last spring and made quite a reputation as a hitter as well as a defensive factor.

nauer, guards and Arthur Dussault center.

GREAT BACKFIELD

The club backfield will lack nothing in the way of speed, brains and punch. Little Hoagy Evans will call signals and can manage games with ease and dispatch to boot. Hobo Kincaid, Winterburn, Visher, Galloway, Ebers, Bill Blewett and a flock of others will toe their stuff in the backfield.

According to reports from the north, a team that can stop Mel Ingram will have the Bulldogs crippled. With Norman Anderson and Steve Beam at tackles and Babe Horrell at center, Ingram is going to have plenty of opposition.

"He had it when he came to Alabama," was the reply. Finally, in desperation we went to "Pooley" himself.

"Don't know where I got it," he said. "One of my nudes must have hung it on me when I was too young to remember her doing so." That's all we could get to clear up the mystery.

All of the Alabama athletes appeared in the stadium for the first time in the history of the team. Only two of the players have ever been to the Pacific coast before, and the trip is naturally a treat for all of them.

JURY CALLS FOR BUNKO RECORDS

Move Shows Thoroughness of Present Quiz

Cases for Years Past Will be Gone Into

Committees to be Busy Even During Holidays

Taken as an indication of the thoroughness and extended scope which the Los Angeles county grand jury intends to pursue the investigation into bunco conditions in this city, brought to light by Gov. Richardson when he investigated the parole of E. A. (Big Hutch) Hutchings, it was learned from reliable sources yesterday that the inquisitorial body has asked that records on bunco cases for years back now in the possession of the District Attorney's office, be brought to them.

Among these records, it was learned, are affidavits and other sworn statements said to have been made by a number of persons when an investigation of a certain police official was made by the then Dist. Atty. Woolwine. The names of bunco men, at least one police officer and several bunco victims are among those who signed these statements, it was declared.

Although the grand jury, which held its last meeting Tuesday, will not reconvene until Tuesday, it was practically assigned to pursue certain angles on the bunco investigation will not remain idle until the next meeting.

Taylor declined to comment on the statement issued by Gov. Richardson Tuesday night in which the Governor laid the blame for "Big Hutch's" parole directly at the door of Dist. Atty. Keyes, but reports that the Governor might again soon be called before the grand jury in connection with those in close touch with the situation.

The consensus of opinion about the Hall of Records outside of the juryroom is to the effect that the grand jurors are quickly going about collecting and segregating a mass of evidence, from which they will be able to draw a definite line of action, and when they have reached this decision, events of moment, it is predicted, will happen quickly.

CURTAIN FALLS ON METEOR OF SCREEN

Mary Thurman

Death yesterday ended the romantic career of Mary Thurman, 26 years of age, who rose in a few brief years from a virtually unknown bathing beauty and extra to stardom in the films.

The young beauty died at New York. Pneumonia was the cause of death. She had been ill two weeks.

In her earlier years, Miss Thurman was a member of Mack Sennett's original battery of bathing beauties. As was the case with most of the others in this dazzling group, she attained stardom and appeared in many pictures.

Until her departure for New York some two years ago with Miss Collins, Miss Thurman had been under the direction of Allan Dwan. She appeared in "Primal Law," "The Lady from Lonesome," "The Sin of Martha Quesada" and "The Heart of a Fool," in which film Claire Windsor made her bow to the film public as an extra.

Miss Thurman was born in Richfield, Utah. Her real name was Mary Jones. She lived for a number of years at Salt Lake City and received her education at the University of Utah. Her beauty and ability as an actress were explained. "I can travel and see the country and I like it mightily fine."

Dispatches from New York state that funeral services for the young actress will be conducted at the Mormon Church in New York City and the body taken to Salt Lake City for burial.

Wife's Divorce Plaintiff Says Husband Killed Four. But Now It's Five

Judge Gates opened his eyes when he read the divorce complaint of Mrs. Patricia Hopper yesterday.

"Is this an accurate statement of fact, wherein you assert that defendant, John H. Hopper, killed four men?" he demanded.

"Well, judge, it was accurate when it was written, but it is not up to date now," Mrs. Hopper replied. "Since I filed that complaint he has killed another man, so that makes five."

"This defendant is a few-ones officer in the hills of Arkansas," explained Jack Greenberg, counsel for Mrs. Hopper. "He kills a man every now and then in the pursuit of his professional duties."

Mrs. Hopper related that Hopper had treated her cruelly, and Judge Gates granted a decree of divorce.

ROGERS HOME FOR YULETIDE

Cowboy Comedian Visiting With Family Here

Glad to Get Back After Long Stay Away

Tells of Parting Company With Ziegfeld

After an absence of almost two years Will Rogers, he of the swirling jariat and homely philosophy, is back for the holiday season with his family at their home at 925 Beverly Drive, Beverly Hills.

Rogers came directly from New York and celebrated his return to cinema-land by attending the first motion picture show he has seen in two years, the Rogers family going en masse to the Beverly Theater.

"Don't say I'm glad to be back here for the holiday season," Rogers said with his very smile, "for I'm glad to be back here any season."

And with the return of Rogers came the first intimation that he no longer occupies a 15-minute spot with Ziegfeld's Polka, with which he has been identified for the past ten or twelve years at various times. The Oklahoma cowboy severed his relations with Ziegfeld several months ago, all with the most friendly feelings, and is now the principal attraction on a concert tour.

"You might call it a five-man musical comedy," he said. "The Jean De Ruesse Quartet furnishing the music and me the comedy. Anyway, we're all the company there is."

Rogers then explained his concert tour as being similar in nature to concert tours of singers, his attraction usually being booked with nationally known artists for group showings of four or five nights, one attraction each night.

"My work is a reversion to the concert tours of Bill Nye and Mark Twain, but then I have the music with me," said Rogers.

The venture, is something new in the modern theatrical line, for while Rogers has been touring the whole show to many, it is the first time he has been the nucleus for an entire evening's entertainment. Playing through the East and South and as far west as Denver, Rogers played seven consecutive one-night stands and he declared last night he is sold on the idea.

"I believe I have found my proper niche in the theatrical world and I am going to stick to it," he explained. "I can travel and see the country and I like it mightily fine."

EXPECT TO LAUGH

"Say, in some of the small towns in the South they greeted me like I was a scion of one of the F.F.V.'s. I was introduced by governors. In lots of the towns they would be lined up to meet me with a look on every face as much as to say: 'Well, you're a comedian. Here I am. Now make me laugh.' And they expect me to get off the train and start them roaring right off the bat."

"Another thing I like about this concert tour, I can find time to run back to Los Angeles ever so often. No fooling, there's nothing like Los Angeles, and the way it is. Now, I'm going down and look it over and write a lot of jokes about it. But I'm not convinced that it can ever outgrow California and Los Angeles."

While his illustrious father acts as host at the Beverly Hills Pagoda and Horse Show Saturday afternoon, young Will Rogers will provide the thrills for the expected throng gathered for the annual event. Young Will is scheduled to show off his repertoire of daredevil stunts on and off his horse. As one of the features of the affair, he is rated as one of the best junior riders in Southern California.

HOTEL POKER GAMES DENIED BY MANAGER

T. E. Haley, manager of the St. George Hotel at 115 East Third street, yesterday came forward with the public announcement that there is not and never has been any gambling in this hotel. Any, the manager declared, none as far as he knew. The announcement by Mr. Haley came as the result of the account of a court action brought by Morris Feldman against Richard Host and John Doe Eddie to reclaim a \$100 cash prize won in open violation of the provisions of the Volstead Act. As the officer charged with the duty of enforcing that law in this section of the country, I take this opportunity of informing you that such violations, if they are occurring at your club, must cease.

It is not my desire, unless it becomes necessary, to take action against the individual members of clubs, because I realize that such action would be most embarrassing to the club in which a prohibited violation occurs, and because I believe that a large majority of the members of each organization are nonviolators and would regret the consequent reaction upon their club. This letter is therefore written for the purpose of giving the officers of the various clubs the opportunity, by passing its contents along to the members, to see to it that violations of the law no longer occur.

"If such breaches do not cease, I will take the necessary steps to punish violators of the law with all the vigor at my command."

"I have not information as to conditions prevailing in the section above mentioned, and it is written with the hope that I may receive the aid of every good citizen in the discharge of my duty."

"Very respectfully," (Signed) "R. E. FRITH," "Prohibition Administrator."

"This letter is an appeal to your sense of fidelity to the laws of your country and it is written with the hope that I may receive the aid of every good citizen in the discharge of my duty."

"Very respectfully," (Signed) "R. E. FRITH," "Prohibition Administrator."

LEAGUE OF NATIONS FORMED AT HOTEL

Six of Seventeen Nationalities at Alexandria Pledge Peace

Personnel of the Organization

Left to right—Bridget Gilhooly, Ireland; Lee Chang, China; Irma Petchnikoff, Russia; Mary Longstreet, America; Abdulla Tewfik, Algeria; Ho Takahashi, Japan.

A CHRISTMAS League of Nations, by solemn agreement to continue at least until January 2, 1937, was formed at the Alexandria yesterday. Adhesion has been pledged by six of the seventeen nationalities represented in the Alexandria personnel.

The present membership includes Russia, represented by Irma Petchnikoff, America by Mary Longstreet, Algeria by Abdulla Tewfik, China by Lee Chang, Ireland by Bridget Gilhooly and Japan by Ho Takahashi.

The idea of the organization was conceived by Abdulla Tewfik, who stated yesterday that he had felt for some time that the sentiment among the diverse nationalities was not so friendly as it should be.

"The Japanese girl was looking cross-eyed at the American girls employed at the hotel, the Greek was always making slighting remarks about the Bulgarian, and the Russian carried a chip on her shoulder to everybody," said Tewfik. "I have been from Algeria five years ago and have absorbed some of the American spirit of equality and I thought I ought to form a sort of international club where we could get acquainted with each other and become more friendly. And what time could be more appropriate for starting a club than the Christmas season?"

Plenty of free eats, several entertainment acts, gifts for the children and the presentation of a ring to Charles Lewis, president, featured the Christmas party of the Municipal Employees' Association in Disabled Veterans' Hall last night.

The ring given to Mr. Lewis, presented on behalf of the association and given to him by the appreciation of his services, in building the organization during the three years he has been at its head.

Entertainment was provided by Universal Pictures Corporation.

DAY OF DAYS MARKS HER RETURN

Interpretive Dancer Glad to Get Home
Maud Allan and L. E. Behymer
YESTERDAY was the day
of days for Maud Allan, famous
interpretive dancer, for it
marked her return to Los Angeles
and Southern California after an
absence of five years.
She was all smiles when she
stepped from a train at Central
station, and was met by L. E.
Behymer, local impresario, and a
group of friends. Mr. Behymer
arranged her visit to Los Angeles
when he met Miss Allan a year ago
in London. She came here direct
from an appearance at the Metro-
politan Operahouse in New York
City.
"I am very happy to be back in
Los Angeles, where I spent my
girlhood, and first I am going to
see my friends, and I hope they
will be glad to see me," she said.
Miss Allan went immediately to
the home of her mother, Dr. In-
bell M. Allan, 907 Lucille avenue,
whom she has not seen since she
left Los Angeles. She will spend
the holidays with her mother and
expects to appear in dances of her
new creation in January at the
Philharmonic Auditorium.
Since she left Los Angeles Miss
Allan has been through South
America and Europe. She admitted
yesterday the climate here is
somewhat different than that which
she experienced at New York.
She was charged with de-
tails of the new production of
Alambra stock broker, and
discovery are correct.

UNION ORDERS

MEN OFF JOBS
Marble Setters Demand Pay
Increase
Ask Official Recognition for
Helpers
Dealers Say Present Wage
National Standard
Officials of the Marble Setters'
Union, No. 14, at noon yesterday
ordered its members, about sev-
enty-five in number, off jobs un-
deraken by the nine principal
marble contractors in Los Angeles.
Vice-President Collins, who com-
mands unionized marble-workers,
demanded in a conference Tuesday
with a committee of the southern
branch of the Pacific Coast Marble
Dealers' Association that the con-
tractors increase the wages of the
setters from \$10 to \$11 a day,
that the contractors stop training
men to set marble and that the
contractors to recognize the Marble
Setters' Helpers' Union.
The Marble Setters' Helpers'
Union is the so-called Hogan union
regarding the country over. As one
of the most radical labor organiza-
tions, contractors said it has
not heretofore got a foothold in
these parts.
D. M. Mills, chairman of the
dealers' committee, said \$10 a day
is the standard wage all over the
United States for marble-setters,
with the exception of a certain few
cities. San Francisco, he said,
pays \$9 a day.
Some time ago the association
began training men to set marble
and established a school for the
purpose. The school cost \$500
worth of tools and equipment
was stolen from the school.
Early this week Collins pressed
his demand to stop the school, in-
crease wages and recognize the
Hogan organization. His demand
was in the form of a written con-
tract for the association to sign
binding it for the whole year of
1926.
The association refused to sub-
mit to the demand and the Hogan
men were ordered off their jobs at
noon by their superiors.
The Marble Setters' Local, No.
14, is a part of the Brick Masons'
and Plasterers' International
Union. There is no indication,
contractors said, that the brick-
ers or plasterers are participating
in the move.

One of the attractively appointed weddings of the Christmas holidays will be that of Miss Marjorie Cavers, daughter of John A. Cavers of the Gaylord, who this evening at 5:30 o'clock will become the bride of Graham Tyler, Mehaffey, the ceremony taking place in the Hollywood Congregational Church, with Rev. James Hamilton Lash officiating in the presence of several hundred guests.

The altar will be lighted by myriads of tall red candles in cathedral candlesticks. Christmas trees, poinsettias and bride's roses being also used in the decorations of the church, while marking the pews and forming an aisle for the bride party will be broad streamers of red and green satin ribbons.

The bride, who will be given in marriage by her father, will wear a gown of shimmering white satin trimmed with pearls, mirror and crystal beads, designed with long, close-fitting bodice and bouffant skirt. The long tulle veil, falling from a coronet of jewels and orange blossoms, simulating a court train.

Her bouquet will be of orchids, gardenias and lilies of the valley. Mrs. Keith M. Cavers will assist the bride as matron of honor, wearing a gown of pinstriped green chiffon, trimmed in rhinestones, with jeweled head-dress, while Miss Mary Bryant, maid of honor, will wear a gown of pinstriped red with lace and bouffant skirt, and instead of carrying flowers will wear a shoulder sash bouquet of white blossoms.

The bride's gift to her attendants is a beautiful wristlet of pearls and a beautiful necklace of pearls and diamonds.

Following the ceremony a wedding reception dinner and dance will be held at the Elms in the music room.

The bride is the only daughter of John A. Cavers and was graduated from Miss Finch's School in New York City, while Mr. Mehaffey is the son of Mr. and Mrs. George Mehaffey of Boston, Mass. He is an alumnus of Yale University, class of 1931.

After a wedding of the motor for several weeks, Mr. Mehaffey and his bride will return and will reside in their lovely new home in Caribay Center.

Engagement Announced
An interesting announcement of the day is that made by Mrs. Blanche B. Burnister of 2235 Fifth avenue of the engagement of her charming young daughter, Miss Virginia Margaret Burnister, to Ralph Rutherford, Jr., of New York City. The news was told to a coterie of intimate friends of the young bride-elect at a bridge luncheon Tuesday afternoon at the Mary Louise, fifty guests being present. No definite date has been set as yet for the wedding.

Miss Burnister was graduated from Westlake School for Girls and later attended University of Southern California, where she is a member of the Phi Mu Sorority and is also an Elwell Junior member.

Mr. Rutherford is the son of Mr. and Mrs. P. P. Drexel of New York and San Francisco and an alumnus of the Massachusetts School of Technology. He received his degree of B.S. in civil engineering, then became an instructor in civil engineering and the oversteering of the car. He joined the Marine Corps during the recent World War. The affair Tuesday afternoon was especially attractive, the luncheon being served in the tea gardens, while bridge followed in the Rose Room. Miss Burnister is one of the most popular students on the campus at the University of Southern California, and the announcement Tuesday afternoon came as a great surprise to even her most intimate friends, so closely has she guarded her secret.

Diet and Health

A SAFE AND SANE CHRISTMAS

Tomorrow will be Christmas, the day looked forward to by the children as the happiest day in the year, for Christmas, above all other holidays, is children's day.

It should be the happiest day of the year for all of us, and the happiness ought to continue, but alas, too often Christmas and other holidays end in unhappiness, rather than joy. This results from several causes. The excessive indulgence in the holiday diet, and the overeating of the candy, result in acute indigestion and still more serious disorders; for instance, indigestion, which children who are predisposed to diabetes have acute attacks of this disease, precipitated by the overeating of the holiday sweets.

Statistics show more sudden deaths among adults on the holidays and the days just following them. No doubt the victims were those whose hearts and blood pressures were grievously impaired, so there was no reserve strength to withstand the extra strain of overeating and the announcement Tuesday afternoon came as a great surprise to even her most intimate friends, so closely has she guarded her secret.

FASHIONS & FOIBLES

by Shirley Sharon

Candle-light-yellow kiffes with flowers of flame color makes an adorable frock for Christmas parties and pantomimes, for dancing-school and other junior activities.

This holiday season is a big time for the small girl who is allowed to step out a bit at Christmas. Her party frocks are gay in color, simple in cut and not too elegant in material. Taffeta, tulle and crepe de Chine are charming for the dress illustrated in flower colors, with the flowers themselves of the same material in contrast. Velvet is smart in the new rich red, deep green and plaid beige, with the flowers in metallic fabric. The skirt is straight and full and the blouse is quaint made with a short, puff sleeve.

CHEF VYMAN'S Suggestions

for TOMORROW'S MENU

Candle-light-yellow kiffes with flowers of flame color makes an adorable frock for Christmas parties and pantomimes, for dancing-school and other junior activities.

This holiday season is a big time for the small girl who is allowed to step out a bit at Christmas. Her party frocks are gay in color, simple in cut and not too elegant in material. Taffeta, tulle and crepe de Chine are charming for the dress illustrated in flower colors, with the flowers themselves of the same material in contrast. Velvet is smart in the new rich red, deep green and plaid beige, with the flowers in metallic fabric. The skirt is straight and full and the blouse is quaint made with a short, puff sleeve.

GAME LAWS RULED NOT REVIEWABLE

Petitions on File from Harbor Canneries Dropped by Court of Appeal

Holding that proceedings of the State Fish and Game Commission are not reviewable by courts, Division One of the Second District Court of Appeal yesterday handed down an opinion dismissing six petitions for writs of review sought by Los Angeles Harbor Canneries.

The court's ruling, in effect, leaves the packers' rights to appeal only by mandamus or prohibition proceedings testing the validity of the commission's actual orders.

The decision sets a precedent so far as the Fish and Game Commission is concerned, but is in accord with previous opinions affecting the Real Estate and Corporation departments. In all these decisions, the Appellate Court holds that proceedings testing the validity of the commission's actual orders.

An order of the Fish and Game Commission limiting the amount of seines each packer may use for reduction purposes to 25 feet of the amount actually caught in the seine, was the basis of the packer's petition.

The actual review of the appeal and the commission's order will be determined by the court in mandamus proceedings now under consideration by the court.

The First Steamboat Crosses the Atlantic.

by J. CARROLL MANN

FOR A LONG TIME AFTER TULSTON'S INVENTION OF THE STEAMBOAT NO ATTEMPT WAS MADE TO CROSS THE ATLANTIC IN ONE OF THE NEW CRAFT AS IT WAS BELIEVED IMPOSSIBLE TO CARRY ENOUGH FUEL FOR THE TRIP.

HOWEVER, IN 1819 THE "SAVANNAH," THE FIRST CRUISE OCEAN-STEAMER, CROSSED FROM SAVANNAH TO LIVERPOOL.

THE "SAVANNAH" DID NOT ESTABLISH A SPEED RECORD AS HER TIME OF 26 DAYS FOR THE VOYAGE COULD BE BEATEN BY THE FAST SAILING SHIPS OF THAT DAY.

THIS AMERICAN-BUILT VESSEL WAS PROPELLED BY BOTH PADDLE-WHEELS AND SAILS AND WAS THE FORERUNNER OF THE MODERN TRANS-ATLANTIC LINER.

IN THE BACKGROUND IS AN AMERICAN "CLIPPER," THE FASTEST SAILING VESSEL EVER BUILT.

AN INTERESTING COMPARISON. — NOWADAYS VOYAGERS CROSS THE BROAD ATLANTIC ABOARD LUXURIOUS LINERS THAT MAKE THE TRIP IN 8 DAYS.

These daily history strips make a unique pictorial history of America. Hundreds are clipping them daily and pasting them in scrapbooks.
